SHARKEY

EXHIBITION IN IBIZA JULY 2026
"FOLLOW YOUR SOUL IT KNOWS THE WAY"

After selling more than 10,500 original paintings to collectors worldwide, Sharkey has chosen to enter the most selective chapter of his career.

From this point forward, only twelve original paintings will be created and released each year. Each work will be larger in scale, entirely unique, and available exclusively through a limited annual release.

This decision is not about producing less. It is about creating only what matters.

Sharkey is one of Ireland's most distinctive contemporary artists. "Follow Your Soul, It Knows the Way" is a collection of works inspired by instinct, trust and the belief that life unfolds in ways we cannot always understand. These paintings represent a culmination of years of exploration. They are not about perfection, but about growth - about continually searching for a deeper connection between artist, painting and viewer.

The first collection is now available in Ibiza. The next release of original works will take place at midnight on Christmas Eve, 2026.
